ACTION TO REJECT WOMAN SUFFRAGE

Governor Transmits Anthony Amendment to Legislature

PROPOSAL OF NORRIS

Lancaster Delegate Proposes Question of Ratification be Submitted to Vote of People of the State.

Richmond, Jan. 24.—Rejection of the amendment to the Constitution of the United States granting the right of suffrage to women is called for in a joint resolution which was introduced in the House of Delegates yesterday by Thomas W. Ozlin, of Lunenburg.

Acting for Governor Davis, Colonel Leroy Hodges submitted the Susan B. Anthony amendment to the lower branch of the Assembly shortly after it convened at noon. This was the signal for the introduction of the resolution for rejection by Delegate Ozlin.

Consideration of the Federal amendment was set as a special and continuing order for Tuesday morning. On Monday afternoon at 3 o'clock there will be a public hearing on the amendment in the hall of the House

No resolution for the ratification of the Anthony amendment has yet been introduced in either the Senate or the House. It is expected that this will be done when the bodies convene on Monday. The stage will then be set for the fight for approval or rejection of the measure, which bids fair to be one of the most closely contested and bitterly fought of the session of 1920.

Delegate Robert O. Norris, of Lexcaster, unexpectedly stepped into the arena prepared for the suffrage fight yesterday when he introduced a resolution which provides that the Federal amendment be offered to the people at the polls for their decision.

A public hearing on the abolition of the State Prohibition Department will be held today in the hall of the House of Delegates. The hearing was set by Delegate Mayo C. Brown, of Lynchburg, chairman of the Committee on Moral and Social Welfare to which the bill was referred after its introduction by Kenneth N. Gilpin, with fourteen co-patrons.

Two Senate bills read for the first time yesterday after being reported back from committee provide for the teaching of high school subjects in primary schools in certain cases, and make it unlawful for an officer to require any person to kiss the Bible when administering an oath.

RESTRAINS TRACTION

Federal Judge Issues Order Requiring 14 Days' Notice of Withdrawal

Toledo, Ohio, Jan. 24.—The Toledo Railways and Light Company cannot again discontinue street car service here without giving at least 14 days notice in writing and delivering a copy of the notice to the clerk of United States District Court, according to an order issued yesterday by Judge John M. Killits, of that tribunal.

The new order takes the place of a definite extension of time beyond January 25, upon which Henry L. Doherty, of New York, head of the company that operates the traction system here, would again be privileged to withdraw the cars as he did last November when the people approved a council ouster ordinance. Two commissions appointed by Judge Killits have been engaged several weeks in drawing up two plans of settlement. One is for the municipal purchase of the car lines and equipment and the other an ordinance which would be satisfactory to Mr. Doherty, and the city alike.

DREADNOUGHTS WIN

The fast going Dreadnoughts retained their hold on first place in the Alexandria City Basketball League by defeating the strong Lyceum quint in a hair-raising contest, in the Armory last night, score 23-21. The game was one of the most spirited ever witnessed in this city, for the first half of the game the losers were leading, 13-10, but a fast spurt by the winners due to the substitution of Roberts, Beaton and Loverin in the last half turned the tide and the Dreadnoughts were never headed thereafter. The shooting of Frasca and Crilly, the guarding and passing of Dreifus, Crouch, and Wenzel featured for the winners, while the work of Entwisle, Hinken and Hayden stood out for Manager Wheatley's club. Line up:

Dreadnoughts, Crilly and Frasca, forwards, Crouch, center, Dreifus and Wenzel, guards. Lyceum, Entwisle and T. Hayden, forwards, Hinken, center, Kemp Cockrell, and Frank Cockrell, guards. Substitutions, Dreadnoughts, Roberts for Crouch, Beaton for Dreifus, Loverin for Wenzel, Lyceum, Roland for K. Cockrell. Goals, Dreadnaughts, Frasca 4; Crilly 2; Beaton 2; Crouch and Loverin; Lyceum, Hinken 3; Hayden 3; and Entwisle. Fouls, Frasca 2, Beaton, Entwisle 7. Time of halves 20 minutes. Referee, Mr. Battersby, of U of Pa. Timers, Mr. Marsh of Colorado State, and Mr Eddie Allen. Scorers Messrs. John Murphy and Russell Kelley. Final score, Dreadnoughts 23, Lyceum 21.

COMMISSIONER IS UPHELD

Prohibition Chief Empowered to Hire Counsel to Defend Deputies, Says Attorney-General

Richmond, Va., Jan. 24.—State Commissioner of Prohibition J. Sidney Peters was authorized under the provisions of the Virginia prohibition law to employ attorneys to represent certain of his agents under indictment and prosecution for murder, according to an opinion just handed down by Attorney-General John R. Saunders and transmitted to Governor Davis.

"Of course," the opinion goes on, the commissioner would have no authority to employ counsel to defend his deputies and inspectors for any crime they might commit while not engaged in the discharge of any duty incident to their employment.

"It appears that the officers in question were engaged in the performance of their duties as such, acting untier the direction and control of the Commissioner of Prohibition, and the indictment is the result of necessary act performed by them in law."

Performance of the duties of the office of Prohibition Commissioner extend, the opinion sets forth, not merely to the apprehension of alleged violators of the prohibition law, but to the protection of its deputies and inspectors who are indicted for an alleged violation of the law committed in the performance of their duties as such, acting under the orders and instructions of the Commissioner of Prohibition.

The Attorney General based his opinion on section 33 of the prohibition law, which follows.

"The commissioner shall have the power to appoint deputies and inspectors and, whenever he deems it necessary, employ attorneys and such other helpers as may be necessary in performing the duties of his office, but he must keep their compensation and expenses within the limits of the appropriation made for the conduct and maintenance of his department."

AGAINST SEDITION BILL

The Alexandria Trades Council at its last meeting endorsed William A. Davis of Norfolk for the office of commissioner of labor of Virginia, and a letter announcing its action has been sent to Gov. Westmoreland Davis.

Letters of protest were sent to Senator Swanson and Representative Moore requesting them to do all in their power to defeat the Sedition bill.

Announcement is made that the Trades Council will appoint committees at its next meeting and expect to accomplish more than they did last year, although excellent results were attained by the different committees last year.

The delegates are very much pleased with their new hall, and recently the attendance has been greatly increased.

SUGGESTS LESS LAW AND MORE LIBERTY

Heads of Red Cross Mission Addresses General Assembly

FREEDOM IS NEEDED

Says Unless Business Men Wake up There Will be Economic Crisis and Political Breakdown in U. S.

Richmond, Jan. 24.—"There is no other country in the world where there is as little business liberty as there is in America. We are rapidly turning from industrial freedom to the governmental control of commercial activities which threw Europe into chaos."

That is what Colonel Henry W. Anderson, former head of the Red Cross mission to the Balkan States, told the members of the General Assembly yesterday in a speech in the hall of the House of Delegates shortly after noon, when both branches of the Legislature had adjourned for the day. Colonel Anderson was in Europe two and one-half years.

"Unless the business men of the country wake up and take a more active interest in government, there will be an economic crisis and a political breakdown," said Colonel Anderson. "Through Interstate Commerce Commission regulation of all railroad traffic, the activities of the Federal Trade Bureau and other activities of the national government, we are rapidly nationalizing our industrial interests."

"If the government is going to run all business, then the business man should run the government," Colonel Anderson declared vigorously. "And when I say business men, I mean everybody, because we are all interested in industry."

In the presence of the men who have assembled to make laws for the State, Colonel Anderson stated emphatically.

"We do not need so many laws. We have so many now that every man is a criminal every day because he unconsciously breaks the statutes What we need is fewer laws and more liberty, more freedom and less talk."

When Colonel Anderson declared that we had too many laws now, so many that the lawyers themselves and the members of the General Assembly did not know what they were, there was a long round of applause.

PASSENGERS HAVE NARROW ESCAPE

Several Slightly Injured When Train Runs Into Open Switch

ONE CAR IS DERAILED

Train Filled With Tourists Enroute to Mount Vernon—Windows in Cars Are Smashed

Several passengers aboard a train for Mount Vernon at 12:35 o'clock this afternoon received slight injuries and others were badly bruised when a southbound train ran into an open switch at Royal and Franklin streets.

The trailer left the track and the motor car remained on the track.

The accident caused considerable anxiety among the passengers, most of whom were tourists. A number of windows in both cars were smashed.

Immediately following the accident a wrecking train from Four-mile-run power house was sent to the scene and soon had the derailed car on the track. Some of the passengers abandoned their trip and others later boarded another train for Mount Vernon. Among the passengers were a young lady from California and an army officer from British Columbia.

107 CASES OF FLU SINCE JANUARY 1

Only Three Cases of Pneumonia Since First of Year

ALL ARE OF MILD FORM

Health Officer Louis E. Foulks Urges People to Take More Care to Prevent Colds.

One hundred and seven cases of a mild type of influenza are reported to be in this city to the city health department from January 1 to January 23 inclusive. This statement today was made by Dr. Louis E. Foulks city health officer.

During the same period there was only three cases of pneumonia. Up to date, according to the health officer, only one death was caused by either pneumonia or influenza. Under normal conditions these cases would be recorded as grippe, as the patients it is stated recover rapidly without complications.

Dr. Foulks urges that the people take more care to prevent colds, treating them promptly when first noticed, Many cases of the so called influenza he asserts would not develop if this plan was adhered to.

He urges to keep the feet dry avoid crowds and places of public assemblage where people come in close contact. Also keep away from any person who is coughing or sneezing and keep warmly clothed. Get as much fresh air as possible, but avoid draughts. If you get your feet wet don't fail to change your shoes and stockings without delay. In conclusion he advises that above all not to permit yourself to become chilled.

DANGER TO RELIGION

If the enemies of the Eighteenth Amendment had inspired the letter which Daniel C. Roper, Commissioner of Internal Revenue, has addressed to the clergymen of the country on the subject of the enforcement of Prohibition they could not have hit upon a better way to fan the existing fires of resentment into fierce and nation-wide flame says the Baltimore Sun. "In all our political history we recall nothing from a Government official so injudicious or so provocative of destructive discord.

"There is no difference of opinion or of intent among good citizens as to obedience to the Prohibition Amendment and the enforcement act so long as they are laws. It is not necessary to admonish them not to violate the law or encourage violation of it.

To obey the law is their bounden invasion of individual and state liberties is their inalienable right. duty; to protest against it as an

"In a situation like this—the most unprecedented situation in which the country ever found itself—the Commissioner of Internal Revenue, who is a servant not of a faction but of all the people alike, undertakes to assume that there is no further right of protest by the people, and that only the forces of evil are out of sympathy with the new national policy. Far more serious even than this is his partisan appeal to a class to organize religious committees 'on law enforcements,' which 'shall receive all complaints of violations of the law and lodge such complaints, together with the evidence obtained, with the proper authorities.' In a word, Mr. Roper not content with insinuating that only supporters of the Eighteenth Amendment are interested in 'true sobriety, of manhood and the supremacy of law and order,' urges the clergy of the country to inaugurate an active crusade for the punishment of offenders, to enroll the congregations as a grand army of spies and informers.

"Whether he so intended it or not that will be the practical effect of acting on his recommendation. Mr. Roper seems to assert that there will be so many lawbreakers that unless the churches organize an army of spies to help the Government, it will be impossible to enforce Prohibition.

"We hope for the sake of religion, true and undefiled, that the churches of all denominations will stand firm against such a dangerous invitation. Let them not sell their birthright of spirituality for a mess of false morality."

FORCES OF GOOD AND EVIL

One of the Washington papers has for some time been printing one or two chapters from the Bible daily without note or comment. The space occupied today for this feature measures about two columns.

While the paper referred to presents this species of reading daily other journals make page features of religious news in their Saturday and Sunday editions.

Four lines from Defoe's "True Born Englishman" are again in evidence:

Where God erects a house of prayer,
The Devil always builds a chapel there
And 'twill be found upon examination
The latter has the largest congregation.

On a certain street in Washington there is a bookstore where socialistic and anti-religious books and pamphlets are offered for sale. A recent display of these publications is made in the shop window. Conspicuous among them are the writings of Tom Paine, of Revolutionary fame; and the lectures of Robert Ingersoll, the agnostic and lawyer. Ingersoll in his lectures against the Christian faith leaves us no ground to stand on. He was destructive but not constructive. But there is very little real philosophy in his speeches; all is brilliant rhetoric. You were hypnotized for the time being by his rhetorical fireworks but not convinced. That was the impression of some Alexandrians who heard him at the Old National Theatre many years ago. Ingersoll, however, was mild as compared with the Bolshevistic, anti-religious writers of the present time. They would destroy not only religions but religion, thereby showing their utter lack of philosophical comprehension of the universe and human nature. They bid us fix our gaze, like the Buddhist bronzes on our bellies, not for the purpose of self-hypnosis, thereby anticipating Nirvana on this mortal plane, but for materialistic reasons only. Eat, drink and be merry for tomorrow you die—and death ends all! Such is the grand dictum of the leaders of materialistic thought.

A writer in a Masonic periodical recently recounted this incident while gazing in the above-mentioned shop window contemplating the literature displayed therein. Up came a young soldier in the familiar khaki. "Some books," he said in his boyish way. "Yes," we replied, "some books to let alone. What the world needs is construction; these books, for the most part, teach us how to destroy, but now how to build. Young fellow, take it from us, and we have had considerable experience in the world, that man is a 'religious animal.' Without hope, life is dark indeed. You will perhaps realize this as you descend into the Valley of the Shadow of Death."

"I have already been there, sir" he answered gravely, as he moved away and was lost amid the crowd

AROUND THE WORLD IN DAY

That Europe may be reached in six hours, and a trip around the world made in a day or two by air, was predicted by Brigadier General Mitchell in a recent speech before the American Flying Club in New York. This will be possible, the General predicted, when the "altitude" aeroplane is perfected.

Voltaire many years ago sat in his study perusing a book which had been written by Sir Isaac Newton. He subsequently closed the volume and placing it upon a table turned to a friend who was sitting near him and said: "He is the result of a great mind obscessed by so-called religion. Newton, in his comments upon one of the books of the Bible predicts a time is coming when men will travel upon the globe at the rate of forty miles an hour."

"Great Fun" Says Little Heroine After Firemen Rescue Apartment Residents

New York, Jan. 24.—A 7 year old heroine, Viola Flatto, saved the lives of ten persons when fire broke out in an apartment house early today. Aroused by smoke, the little girl wakened the other members of her family and guests who were staying with them.

In the excitement Viola was the only one who kept her head. She led the frightened group to the roof. Flames were already making their way through the roof of the building when firemen rescued the party. Viola said it was "great fun."

VIRGINIA NEWS

William Richardson is in jail in Danville and neighbors are caring for his wife and two month old infant following the discovery that the woman and her child were maintained in squalor and ill nourished. The infant was found wrapped in fragments of cloth and the wife was weak from lack of food. Charges of nonsupport have been preferred against the man, who went to jail muttering threats against people who are proving benefactors to his child and who are responsible for his immurement.

Joseph Davis, aged 7, is recovering in the General Hospital at Danville, from a close call with death Monday. The boy was on his way home from school, near Newtown, when he was overtaken by an incoming passenger train. The pilot of the locomotive pitched the boy off the track and he was pitched up stunned and bleeding. He was rushed to the hospital and is out of danger.

Muskrats saved John Eanes from jail at Danville this week. He had been arrested charged with being a loafer, but was granted a continuance of his case in order that he might produce evidence to show that there was no truth to the charge. He brought to the Courthouse a suitcase filled with muskrat pelts to sustain his claim to being a trapper. The Mayor, once the suitcase was opened, lost little time in granting the man his freedom.

"I want to see the salary of the Governor of Virginia increased so that a poor man may be able to bear the expense of the office if he is elected." This was the remark of Senator J. E. West, of Suffolk, this week a few minutes after he had introduced a joint resolution proposing an amendment in the State Constitution, setting the salary of the chief executive at not less than $10,000 nor more than $12,000.

Enactment of a law giving cities of 75,000 population or over the right to establish their own regulations as to Sunday observance was one of the recommendations made by the special committee to the advisory council of the Richmond Chamber of Commerce at the Jefferson Hotel one day this week. "We urge that the so-called "blue laws" should be mandatory, but the City Council of each city should be charged with the responsibility of drafting such regulations as may be best adapted to local conditions."

Col. S. M. Newhouse, of Culpeper County, doorkeeper of the house of delegates, announces that he is a candidate to succeed Prohibition Commissioner Peters in the event that the legislature decides not to abolish the office. Personally, he is in favor of abolishment. Col. Newhouse is a former depuay collector of internal revenue and has had considerable experience in handling cases similar to those coming within range of the prohibition department.

William G. Bledsoe, of Orange county, who died a few days ago, had reached the age of 87 years. He was a Confederate veteran and served in Third South Carolina Regiment in Kershaw's Brigade, Longstreet Corps. Two bayonets, relics of the Civil War, were preserved by him and by his request were pinned, one at the head and one at the foot, of his grave.

The War Department of the United States government, having refused to reimburse the city of Newport News in the sum of $501,407.82 for damage done to the city streets by government traffic during the war, city officials announces that a bill which immediately be introduced in Congress which would authorize the payment of the amount in question to Newport News. In the reply to the demands of Newport News the War Department says that the city reaped rich financial benefit from the government traffic; that there are no legal means by which the department might act in a matter of this kind, and that there are no available funds with which to make such payment even should there exist some precedent for such action.

APPEALS TO SPIRITUALISTS

English Women Appeal to Sir Arthur Conan Doyal to Get in Touch With Victims

London, Jan. 24.—English women yesterday appealed to Sir Arthur Conan Doyle to get in touch with the spirits of the victims of the many unsolved murders which have lately occurred here. Thus it is aimed to bring the guilty to account and at the same time to prove the genuineness of spiritualism's claim to be able to purge the world.

The great crime wave spreading over England has left in its wake an appalling number of murders which have defied solution. The request, however, is not made in the spirit of challenge, but is rather a heartfelt appeal from the women on account of the constantly increasing attacks and murders in which the victims are mostly women and girls.

The number of unidentified murderers and desperate criminals known to be at large is causing the most wide spread feminine uneasiness and many women are even afraid to travel in the railway trains because the criminals are resorting to the boldest tactics.

One woman, travelling from Teignmouth to London with some valuable old jewelry, purposely avoided entering an empty compartment and finally selected one in which one man and two women were seated. The conversation turned on perfumes and one woman produced a bottle ostensibly in order to obtain the opinion of her fellow-traveler on its merits at a scented water.

The woman carrying the jewelry sniffed the bottle and next she knew she was being shaken by a porter in the station at London. Her jewelry and her companions had gone.

The police being unable to protect them, many women are carrying revolvers as a matter of self preservation.

NEGRO IS SENTENCED

Before Trial Judge Exacted Promise From Citizen to Permit Law Take Course

Macon, Ga., Jan. 24.—Deputies from the Wilkinson County Sheriff's office arriving here Wednesday with Jim Denson, 18 year old negro, under death sentence for an attack upon a 72 year old white woman near Toomsboro on January 8, told how Judge J. H. Park, of the Ocmulgee Circuit Superior Court, prevented the lynching of the negro.

Judge Park convened a special term of court at Irwinton to try the negro, but before allowing the sheriff to take the prisoner to that town for trial from the jail in this city he exacted a promise from the citizens that they would permit the law to take its course. It is said they had threatened to lynch the negro.

Two witnesses were heard a jury convicted Denson Wednesday in a few minutes, and the court sentenced him to hang on Friday, February 13.

Essex Motor Cars

Only Essex Shares Hudson's Qualities

THEY SHOW WHY ESSEX WENT 3037 MILES IN 50 HOURS, AND IS RIGHTFUL RUNNER-UP TO THE SUPER-SIX PERFORMANCE

A critical public has judged the Essex.

In the year past it set a world's sale record.

More than $35,000,000 was paid for 22,000 Essex cars now in service.

That shows how men wanted what Essex offered.

Now Essex proves the accuracy of motordom's judgment.

Let the official tests speak:

On the Cincinnati Speedway a stock chassis Essex made a new world mark of 3037 miles in 50 hours, under observation of the American Automobile Association.

With other trials the same Essex ran a total of 5,870 miles in 94 hours, 22 minutes driving time, averaging over a mile a minute.

Still another Essex phaeton holds the world's 24-hour road mark of 1061 miles made in the face of a blizzard over snow covered Iowa country roads.

The Essex and Hudson are of course totally different types.

But note the advantages Essex shares with Hudson.

Both Have This
Motor Heat Control

For instance, the radiator shutters by which efficient operating heat is maintained in coldest weather. They mean everything to satisfactory winter driving. Closed, they keep the heat in.

No unsightly hood covers are needed. They give summer efficiency to gasoline. They end hard starting. And in warm weather, opened, they give the maximum cooling.

When you know the Essex you will want one. But you should place your order in advance if you would avoid disappointment in delivery.

The Essex, of course, does not cost as much as the Hudson, and though it is admittedly the runner-up in performance, it can never be all the Super-Six is.

In speed—in acceleration—in hill-climbing—in endurance—no stock car ever matched Hudson's famous records.

The Super-Six motor reduced vibration more any other type. It checked the most destructive force automobiles must contend with. It added 72 per cent to power, and almost doubled efficiency. And it made the Super-Six the largest selling fine car in the world.

Supreme in Motor
and in Design

But performance is not Hudson's only title to leadership. From the first it has set styles that the motor industry accepts.

It is a creator of coach design. Not only America but Europe reveals its influence in motor style. Models that are now standard with all fine cars were first introduced by the Hudson Super-Six.

Eighty thousand Super-Six owners place Hudson endurance above all its other notable qualities. For durability must always be the most important car advantage.

The Super-Six motor has proved the dominant factor in car endurance. None except Hudson can use it. If you would own all the supreme advantages of speed, power, acceleration, plus endurance, for which the Super-Six motor accounts, you must choose Hudson.

Weigh the facts.

What can any fine car give to compensate for lack of the Super-Six motor?

PLUNDER LOCKUP

Robbers in Preston, Pa., Use Pass Key to Get Two Barrels of Whiskey

Wilkesbarre, Pa., Jan. 24.—Two barrels of whiskey were confiscated by the police of Hanover township last week and for safety were placed in a cell in the Preston lockup. The liquor was taken by Patrolmen Callahan and McLaughlin from the automobile of Charles Solomon, who was hauling it.

It developed today that the two barrels had been stolen from the lockup. No locks were broken in making an entrance. The persons who did the job evidently had a key that just fit.

Hanover police claim they know nothing of the mysterious disappearance of the whiskey and an investigation has been ordered.

TAFT WARNS UNIONS

Washington, Jan. 24.—While organized labor is opposed to bolshevism, it is in no mean danger of enlisting soviet methods if it adheres to putting into effect its proposed plans, former President Taft declared last night at the new Masonic Temple, where he addressed members of the National Geographic Society. He discussed the relation of the employer and the employe in general, but in particular addressed himself to immediate problems confronting capital and labor as interrelated forces.

Trades unions he approved when confined within law just as corporations are.

A matter of the highest importance just now, he said, was devising a means by which employes may freely select some one in whom they had full confidence to represent them before their employers. When an employer, he declared, accepted the principle of trades unionism, he at the same time should admit the right of the men to select one of their own independent choice to represent them in their relations with him.

"The hope of the country is in the bringing as near together as possible for common action, the liberal employers and the conservative labor leaders," Mr. Taft among other things said:

"It seems to me very important to point out that organizations of labor, though sincerely opposed to bolshevism, are by their proposed plans in danger of embracing soviet methods."

"A labor union representative who leads his men into a strike on every occasion imperils his position among them in the long run much more than the one who saves them from strikes."

"The injunction is a last resort. It is an instrument in the field, where rights are determined by the fixed rules of law. It is utterly unserviceable for the regulation of the practical relations between employer and employe."

Hood Prices, being based absolutely on actual costs of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service — greatest average mileage actually delivered at lowest cost per mile — remains unshaken by unsettled conditions which are arising to confront and confuse both tire dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. *We will not pull down our standard*—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which *real* tire values can be safely judged, for to-day the *price* of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

Oldsmobile SETS THE PACE 22nd Year

The "THOROBRED"

7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

ARREST CREW OF TRAIN

Police Say Six Men Who Operated Freights Stole Goods Worth $35,000

Baltimore, Jan. 24.—Thefts of merchandise valued at $35,000, in transit on the Baltimore and Ohio Railroad, were charged against six men arrested her by Federal agents. The six men constituted the entire crew of a freight train.

An entire room at the Southern police station is filled with merchandise seized as evidence, purported to be loot. It was said practically every train on which this crew has operated has been robbed. According to the story of police, the trains have been halted at a point just outside the city and then looted. The merchandise so obtained, it was declared, was sold to Baltimore merchants.

SPLIT IN G. O. P. THREATENS

Washington, Jan. 24.—Protest by a large group of influential Republican Senators against further compromise on reservations to the peace traety yesterday gave compromise negotiations a severe setback, and, Senators declared, involve future solidarity of the Republican party not only in the Senate but in the nation.

The conference with Senator Lodge which lasted nearly three hours, prevented the schedule session of the bipartisan committee. This committee will meet again today, but with the chairman prospects thrown into confusion by yesterday's developments. Democrats interested in the committee promise negotiations tonight expressed concern over the turn of events and at the resultant possibility of success.

KEPT HER AWAKE

The Terrible Pains in Back and Sides Cardui Gave Relief

Marksville, La.,—Mrs. Alice Johnson of this place writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shal lalways praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may women who once suffered in this way now praise Cardui for their present be just what you need. Thousands of good health. Give it a trial.

IS IT "JUST A COLD?"

Alexandria People Should Ask Themselves This Question.

Don't say: "It's just a cold."

It may turn into backache, rheumatic aches, achy joints.

Or other serious sickness that comes from weak kidneys.

Colds are due to congestion.

Congestion makes the kidneys overwork to filter the blood.

Colds often leave the kidneys weak.

First break the cold;

Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Alexandria resident tell you about them.

Mrs. Walker Campbell, 707 Pendleton St., says: "I caught a cold and it settled in my kidneys. I had such pains I could hardly catch my breath sometimes. When I bent over it was hard to straighten again, the pain was so bad. My kidneys acted very irregularly esepcially at night. I got Doan's Kidney Pills at Duncan's Drug Store and took them according to directions. I was entirely cured and thought that was over two years ago, I have had no return of kidney trouble since."

Price 60c at all dealers. Don't simpy ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Campbell had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

CATCHING COLD?

Mintol Often Prevents Pneumonia

It is surprising to read in the daily papers of treatments that our forefathers and grandmothers used for coughs, colds, catarrh, and bronchial affections. It impresses the Writer with the fact that modern scientific re-search had not advanced an iota, when, as a matter of fact, there have been wonderful advancements in the treatment of all diseases and conditions that bring on disease. Just because grandmother used old-fashioned mustard blisters for relieving colds and congested conditions it is no sane reason why we should resort to the old antiquated methods when there have been such wonderful improvements and new discoveries of remedies which are far more effective and less painful to use.

Special notice—A druggist said the other day that a customer came into his store and inquired for a mustard plaster and he suggested to the customer that they try Mintol as a more modern treatment for congested conditions. The customer accepted the druggist's suggestion and in twenty-four hours the same customer came into the druggist and said: "How long have you handled Mintol?" The druggist replied that he had been handling it for some little time and the customer frankly stated that he would never use a mustard cream or plaster for colds, coughs, or any congested conditions again. There are thousands of others who would say the same as this druggist's customer did, if they would only try Mintol. If your druggist cannot supply you we will mail you a jar on receipt of price, 35c 60c and $1.25 a jar. The Home Relief Laboratories, Boston, Mass. Dispensed by Gibson Drug Store.

GRAND THEATRE

William C. Dowlan, who directed "Under Suspicion," at Universal City, has a sure enough gold leaf major for his assistant. Mr. Dowlan is assisted by Major Allen Watt, a reserve officer who declined a commission in the regulars to work with the director at Universal City. "Under Suspicion," is showing at the Grand Theatre, with Ora Carew, Forrest Stanley and Charles Clary appearing as the featured players.

The jewels worn by Ora Carew in her latest Universal feature, "Under Suspicion," now being shown at the Grand Theatre, are the real thing. They were loaned to the popular star by Mrs. Burton Fosdick, a well known society leader who spent the early fall months at Coronado Beach and happened to visit Universal City the day the banquet scenes were filmed. Also Mutt and Jeff.

"The Right to Lie" Appeals to Eye And Mind

"The Right to Lie", the Pathe special feature produced by Albert Capellani and bringing Dolores Cassinelli to the Ingomar Theatre today was adapted for the screen from Jane Murfin's story by John Wormwood.

The story is based on an international romance in which a celebrated Italian beauty marries a wealthy American, only to have her life blighted by a series of incidents which eventually give her the "right to lie."

The stage settings for "The Right to Lie" are particularly praiseworthy, having been tastefully and lavishly designed. The scenes in the garden of the Italian convent might well have been staged 'neath Italy's southern skies.

Worlds Most Beautiful Woman at The Richmond

Katherine MacDonald, voted in sixteen beauty contests the most beautiful woman in the world, will be seen at the Richmond Theatre again tonight, in "The Beauty Market," a strong society drama. Miss MacDonal depicts the part of a girl unable to bear the financial strain of fashionable society and with too much pride to break away from the life, fearing the derision of her associates.

AMENDED ACT UPHELD

Providence, R. I., Jan. 24.—Ruling that the section of the Lever Food Control act as amended October 22, 1919, relating to shoes and wearing apparel, is constitutional, Federal Judge A. L. Brown yesterday denied the motion of members of the F. G. Collins Shoe Company, of this city, to quash a secret indictment charging them with profiteering.

Council for the defendants attacked the amended section of the act as unconstitutional and cited 29 reasons, all of which were overruled.
